Index.jsp:

## Login.jsp:

A login form is displayed on a yellow background. The form is contained within a light yellow rounded rectangle. It has two input fields: 'User' with the text 'admininicial' and 'Password' with masked characters '.....'. Below the fields are two buttons: 'Ingresar' (cyan) and 'Cancelar' (purple).

## Validación Login:

```
Index.jsp  Validation.java  Login.jsp  Home
package Controller;

import java.io.IOException;

/**
 * Servlet implementation class Validacion
 */
@WebServlet("/Validacion")
public class Validacion extends HttpServlet {
    private static final long serialVersionUID = 1L;

    /**
     * @see HttpServlet#HttpServlet()
     */
    public Validacion() {
        super();
        // TODO Auto-generated constructor stub
    }

    /**
     * @see HttpServlet#doPost(HttpServletRequest request, HttpServletResponse response)
     */
    protected void doPost(HttpServletRequest request, HttpServletResponse response) throws ServletException, IOException {
        String Usuario, Password;

        if(request.getParameter("enviar") != null) {
            Usuario = request.getParameter("usuario");
            Password = request.getParameter("password");

            if(Usuario.equals("admininicial") && Password.equals("admin123456")) {
                response.sendRedirect("AdminMenu.jsp?nom=" + Usuario);
            } else {
                JOptionPane.showMessageDialog(null, "Datos incorrectos");
                response.sendRedirect("Login.jsp");
            }
        }
    }
}
```
